

Hello from Slovakia

We are organization working with kids and young adults. You can look on our website – www.ymca-nesvady.sk. We are doing lots of activities and projects focusing on kids, young adults and families. One of the project we are part of is project with other countries called „ Erasmus + , Youth in action“. This project means, that we have an accreditation to host and send volunteers from or to foreign countries.

This year we are looking to host 1 volunteer– boy - from Bulgaria or Croatia or Romania. They can start March 2018 . Project is for ten months. They needs to be 18-30 years old

About the finances – everything for her is taking care of. She will get apartmen in 3 rooms flat, she will get money for transportation, food money and personal money to spend for each month. All of the volunteers who have been here in Nesvady felt very good here and they created very good relationships with young people over here.

Something about our organization:

We have regular work with kids in school, we have our own club for children and young people, where we meet often with them. Every friday from 16:00 to 18:00 we have a club for kids from 6-12 years. Every friday there is 35-40 kids. We present bible story to them, share the gospel, we play games with them and have a snack and food for them. Also we have a teenagers club, every wednesday and friday from 16.30 – 20.00 or even to 22.00. Attendance is about 30 young people every day. Also every wednesday we have a mothers club with kids untill 3 years old.

Every summer we do have 2 summer camps, one of them is English summer camp. On elementary school we are running lots of different courses and it is usualy at the volunteer skills, where she wants to join or what she wants to do. Usualy there are soccer course, singing course, cooking course, english course, crafts course, different sports or educational courses.

If any girl will be interested about coming to Slovakia for one year, we will gladly present her more informations. Look upon our web page at www.ymca-nesvady.sk or we can speak through skype /betkaymca/.

Our desire is to lead kids and young people to made the right decisions in their lifes and to live their lives the way, so it will have meaning and purpose.

I wish you blessed days.
